

BODDU MANOJ KUMAR

boddumanojkumar97@gmail.com | 8074192205 | Hyderabad | <https://www.linkedin.com/in/manoj-kumar-boddu-528751312>

PROFILE

A highly motivated and goal-oriented Computer Science candidate with proven proficiency in core languages, specifically Python and Java, and experience applying modern software development practices. I leverage hands-on experience from real-world projects and a recent development internship to deliver functional, scalable, and well-structured code. I am actively seeking an entry-level Software Engineering role to apply my expertise in designing and building efficient and robust applications, while committing to continuous professional development to enhance my technical skills and project delivery capability.

EDUCATION

- **SIDDHARTHA INSTITUTE OF TECHNOLOGY AND SCIENCES** Hyderabad
• *Bachelor of Engineering in Computer Engineering, CGPA: 8.0* 2022 – 2026
- **SRI VEDA JUNIOR COLLEGE** Hyderabad
• *Senior Secondary, CGPA: 7.3* 2020 – 2022
- **SAI KRUPA HIGH SCHOOL** Hyderabad
• *Secondary, CGPA: 9.5* Passed out year – 2020

SKILLS

Languages: Python , Java , HTML , CSS , JavaScript , SQL

Frameworks/Libraries: Django, Tkinter

Concepts: Data Structures , Computer Networks

Soft Skills: Analytical Problem-Solving, Technical Communication, Adaptability, and Team Collaboration.

INTERNSHIP

Python Development Intern | Infotact Solutions

Remote | December 2024 – February 2025

- Designed and built an efficient GUI-based currency converter in Python and Tkinter to perform real-time currency conversions
- Integrated the Exchange Rate-API using the requests library to reliably fetch live exchange rates.
- Implemented input validation and exception handling to ensure a smooth user experience and accurate results.

PROJECTS

Django-Based Personal Portfolio Website

- Developed a dynamic portfolio website using the Django framework for robust backend management and seamless integration.
- Designed and implemented a clean, responsive UI to showcase skills, certifications, and projects, enhancing accessibility for recruiters

Currency Converter using Python and Tkinter

- Engineered a Python-based GUI tool utilizing Tkinter to provide accurate, real-time currency conversion.
- Integrated the ExchangeRate-API and requests library to reliably fetch and display up-to-the-minute international exchange rates.

CERTIFICATIONS

- **Infotact Solutions** - Python Development
- **IBM** - AI Fundamentals
- **IBM** - Cybersecurity Fundamentals
- **CodeAlpha** - Cybersecurity Internship
